

**Applications
Due
April 7, 2010**

All applications and references should be sent to

Plan NH
PO Box 1105
Portsmouth NH 03802

Your completed application must include:

- The application form
- Your most recent transcript
- TWO letters of reference (from adults in either your school or work – please have them send their letters to the Scholarship/ Fellowship Chair at the address above, to be received **no later than April 7, 2010**.)
- A \$10 application fee – please make your check payable to *Plan New Hampshire*.

~

If you are selected as a Scholarship or Fellowship finalist, you may be asked to present an informal portfolio of your work to the selection committee.

If you are selected as a Scholarship or Fellowship Award recipient, you will be invited to a special Plan New Hampshire reception, at which you will have the opportunity to display your work and talk with Plan New Hampshire members and others about your work and plans for the future.

Plan NH is grateful for the Partnership of

PLAN NH
Visioning *for* Sustainable Communities

Scholarship and Fellowships Programs

Plan New Hampshire: The Foundation for Shaping the Built Environment, seeks to preserve the quality of life in our state by encouraging sustainable planning, design and development of the built environment.

One means of fulfilling this mission is through its Fellowship and Scholarship programs.

Each year, Plan NH awards several thousand dollars to students from New Hampshire who are studying the arts, Engineering, or some field related to planning, design and/or development of the built environment.

Fellowship Program

With support from the Alfred T. Granger Student Art Trust Fund (of the NH Charitable Foundation), this program awards students pursuing careers in

- Architecture
- Mechanical engineering
- Interior design
- Studio art

Grants:

- \$2,500 for highly qualified sophomores, juniors or seniors
- \$5,000 for graduate-level architectural students who are planning careers aimed at improving the *built environment* in Northern New England.

Monies may be used for any educational expense, including room and board.

Criteria/Qualifications

- Undergraduates:
 - New Hampshire residents
 - Enrolled in accredited program of study in architecture, mechanical engineering, interior design or studio arts
- Graduates:
 - New Hampshire residents
 - Enrolled in any NAAB-accredited program that leads to a Master's Degree in Architecture.

Photo above: 2009 Fellowship recipient Justin Ward participates in the Plan NH Design Charrette in Lee last year.

- Each level:
 - Superior grade point average
 - Demonstrated general excellence in field of study

Also

- "activist" orientation showing excellent potential for having a positive effect on the *built environment* of northern New England
- Demonstrated dedication to a life's work in a chosen field
- Leadership experience and ability to communicate and promote solution
- Breadth of skills, including flexibility and creativity required to work with diverse interest groups
- Work experience in a related or relevant field
- A New England focus that will most likely lead to application of the candidate's skills and training to solving problems of the built environment in New Hampshire or Northern New England.

Candidates whose applications reflect the greatest potential for a future career that will positively influence some aspect of the built environment in Northern New England may be invited for an interview in Concord. Part of this interview will consist of the candidate presenting a portfolio of her or his work to the selection committee. All of those interviewed will be notified of award decisions in writing.

Fellowship recipients must agree to continue the plan of study described in her or his application during the first semester following this application period.

Scholarship Program

Plan New Hampshire's Scholarship Program will award a \$1000 Scholarship to an undergraduate student from New Hampshire who is studying in a field related to the built environment.

So that we may have a greater diversity of applications, Scholarships do NOT INCLUDE students of architecture, mechanical engineering, interior design or studio arts, as these are taken care of in our Fellowship Program.

Qualifications:

- New Hampshire residents
- Enrolled in an accredited program of engineering, environmental studies, land planning or other program related to the mission of Plan New Hampshire. (These programs may NOT INCLUDE architecture, mechanical engineering, interior design or studio arts, as these are covered in our Fellowship Program).
- Superior grade point average
- Demonstrated general excellence in field of study.
